

AN ANGELIC LOVE EMBRACE... (An ANGEL HUG)

Embrace yourself...by wrapping your arms around your shoulders

As you continue to embrace yourself...repeat these words.... and talk to your soul!

I begin in this moment to embrace myself in love...

to open my heart...

To touch my soul truth and let...My...Angels...In!

To look for the gem in each and every moment...

To release past hurt and fear...

And...let...it...go!

To harmonize my life and allow my soul to sing...

I...let...My...Angels...in!!!

Especially for You From
